

**Dr.Duncan Whitwell**

**UK**

Duncan Whitwell is a full time NHS Consultant specialising in the treatment of hip/knee and oncology disorders. He was trained in Nottingham, Bristol, Oxford and Brisbane, Australia before appointment to a Consultant post at the Nuffield Orthopaedic Centre, Oxford in 2005 and an Honorary Senior Lecturer role at Oxford University. He has been an ABC Travelling Fellow to Canada and the US in 2012. He has a large tertiary referral practice for complex revision joint replacements utilising advanced reconstructive skills for large bone loss and regularly operates abroad and hosts visiting international surgeons observing these techniques.
