

DAY 1 - 29.11.2018

Time	Topic	Speaker	Chairpersons
8:30 -10:00	Arthroplasty Free Papers & JAM (8+9)		Dr G Mohan/ Dr Sugavanam/ Dr Chandrasekar
	Comparative Evaluation of Femoral Component Rotation in CT guided patient specific jig assisted TKA and Conventional instrumentation TKA	Dr. Bushu Harna	
	Comparison of anterior knee pain following patellar denervation versus non-denervation in Total knee arthroplasty. A randomized controlled trail	Dr. M Vaibhav Reddy	
	A Prospective Study Evaluating the Functional Outcome and Peri-Operative Morbidity in Simultaneous Versus Staggered Primary Bilateral Total Knee Replacement.	Dr. Nishat Ahmed	
	Proximal fibular Osteotomy (PFO) - (A Magical operation in Medial compartment osteoarthritis of knee joints)	Dr. Bijayendra Nath Chaturvedi	
	Total hip arthroplasty in spontaneous ankylosed hip	Dr. Saurav narayan nanda	
	Radiological parameters in predicting the need for structural augmentation by bone graft or metal augment in total hip arthroplasty for post acetabular fracture sequelae	Dr. Kevin Choksey	
	Midterm results of Tritanium Acetabular Shell in revision hip arthroplasty	Dr. Prasad Antapur	
	Total Hip Arthroplasty In Patients 20 Years Of Age Or Younger	Dr. Mithun manohar	
	THR in tuberculosis of hip can THR in tuberculosis hip can some guide line be made when to operate and in which case	Dr. Vijay Kumar Khariwal	
	Application of a novel marine endonuclease NucB in the diagnosis of Prosthetic Joint Infection.	Dr. Prateek Anil Saxena	
	Osseointegration in uncemented Total Hip Arthroplasty-5 years follow up	Dr. M. Amjad Hossain	
	JAM Sessions		Dr Anil Oommen, Dr Abdul Ghani, Dr KC Mehta
	Influence of intramedullary versus extramedullary alignment guides on primary total knee arthroplasty tibial component position- a radiographic analysis	Dr. Sridhar Krishnamoorthy	
	Early outcomes of Attune total knee arthroplasty (TKAs) in a non designer series of 436 knees	Dr. Akash ashok saraogi	
	Calculating position of joint line of knee using various radiological parameters based on Indian population	Dr. Thirunarayanan. V	
	Short Term Analysis of Clinical Functional Radiological Outcome of Total Knee Arthroplasty and To Analyze the Differential Clinical Functional and Radiological Outcome of Total Knee Arthroplasty with and Without Patellar Resurfacing	Dr. Sudharsana Reddy Palle	
	Role of adductor ratio to confirm joint line restoration in primary TKR for Indian Population	Dr. Abhijit jawali	

	Orthofix assisted extra-articular deformity correction in total knee arthroplasty.	Dr. Anil gowtham manivannan	
	Dose Modular Dual Mobility (MDM) Total Hip Arthroplasty promise good functional outcome less instability and revision rate All in one ?	Dr. Kalaivanan Kanniyar	
	Long term results of twenty four years with Austin Moore prosthesis for femoral neck fractures in elderly	Dr. Raghavendra Shankar kulkarni	
	Transverse Acetabular Ligament: A Guide To Acetabular Component Anteversion	Dr. Vignesh.V	
	Complex proximal malunited tibia fracture treated primarily by total knee arthroplasty - a case report	Dr. Santhosh Srinivasan	
	Outcomes of two stage revision arthroplasty for infection	Dr. Hariharan T D	
10:00 - 13:00	Orations		
13:00 - 13:45	Lunch		
13:45 - 14:25	Performing a Primary Knee Replacement		Dr. John Skinner, Dr. SS Mohanty
13:45 - 13:55	CR/Ultracongruent/PS is there any difference?	Dr. Hemanth Wakankar	
13:55 - 14:05	Managing an extreme varus knee	Dr. Parag Sancheti	
14:05 - 14:25	IOA Guest Lecture : Ten commandments for a perfect TKR	Dr. Gurava Reddy	
14:25 - 15:00	Complex primary knee replacement		Dr. KJ Reddy, Dr. Sathish Devadoss
14:25 - 14:35	Algorithm for valgus knee	Dr. Rajeev K Sharma	
14:35 - 14:45	Stem fixation. When & how?	Dr. Ray Randle	
14:45 - 14:55	Choosing the level of constraint in TKA	Dr. Christopher Mow	
15:05 - 15:45	Choices, Compromises & Controversies in Total Knee Replacement - Debates in knee replacement		Dr. Hemanth Wakankar, Dr Jegan Krishnan
	Alignment in TKR (5+5+3 min) (Verdict - Dr. Javad Parvizi)		
	Kinematic alignment is better	Dr. SS Mohanty	
	Perfect Mechanical alignment is mandatory for longevity	Dr. RH Govardhan	
	Bilateral Single Stage vs Staggered TKR (5+5+3 min) (Verdict - Dr. Javad Parvizi)		
	Bilateral is safe & advantageous	Dr. Pradeep Poonoose	

	Staggered is any day better	Dr. Ronen Roy	
	Technology in TKR (5+5+3 min) (Verdict - Dr. Javad Parvizi)		
	Conventional jig based TKR is time proven	Dr. Harish Bhende	
	Robotic TKR the new gold standard?	Dr. Sureshan Sivanandhan	
16:00	Converstation with the Mystic		

DAY 2 - 30.11.2018

Time	Topic	Speaker	Chairpersons
7:30 - 8:30	Arthroplasty Free Papers & JAM (8+11)		Dr Sivakumar, Dr Singaravadivelu
	Prospective Randomized Comparative Study Between High Tibial Valgus Osteotomy and Uni-compartment knee Arthroplasty : 7 Years Follow up	Dr. Chaitanya Krishna	
	Indications & Limitations of deep dished insert in TKR-384 Total Knee Replacement with Deep dished insert-Consecutive single centre study	Dr. C. Sugavanam	
	Fifteen Year Follow-up Study of Cemented Total Knee Replacement	Dr. Ramchander Siwach	
	Patellar maltracking and Lateral retinacular release in total knee arthroplasty & its radiographic correlation with preoperative parameters.	Dr. Soundar rajan	
	3D printing and 3D models as a part of preplanning for Complex total Hip Arthroplasty : Are they a game winner ?	Dr. Kalaivanan Kanniyar	
	Impaction bone grafting of femur in cemented revision hip arthroplasty for aseptic loosening: A 5-19 years follow-up study of 161 hips	Dr. Akash Ashok Saraogi	
	Navigation Achieves Excellent Clinical, Functional and Radiological Results in Obese as in Non-Obese Patients undergoing TKA – A Prospective single surgeon study of 150 Knees.	Dr. Raj Kanna	
	The Impact of Knee Kinematics on Patient Satisfaction: A Prospective Randomised Clinical Trial	Dr. Sahil Batra	
	JAM Sessions		N Rajkumar, G Mohan

	A prospective comparative study between the effects of adductor canal block and femoral nerve block on early pain management among postoperative unilateral total knee arthroplasty patients.	Dr. Umesh.C	
	Ability to squat and sit crossed-legged increases the patient satisfaction level after a successful standard unicondylar knee replacement (UKR) as compared to total knee replacement (TKR)	Dr. Sushant Uday Chavan	
	Evaluation And Management Of Bone Defect In Primary Total Knee Replacement	Dr. R.C.Siwach	
	Single stage bilateral total knee replacement sequential	Dr. Prathap Ravindranath V	
	Subvastus and medial parapatellar approach in total knee replacement : A comparative study	Dr. Aravind Madanan	
	Saggital spino-pelvic and femoral relationship : Any influence of lumbar spine stiffness on acetabular anteversion and hip flexion from standing to sitting position?	Dr. Abhijit Jawali	
	Total Hip Arthroplasty with Modular Stem for Dysplastic Hips in Indian Population	Dr. Deepak Gautam	
	Dual mobility in post acetabular fracture total hip arthroplasty; has it changed the outcome?	Dr. Sahar Balasaheb Kadam	
	Primary Bipolar Replacement Arthroplasty for management of Intertrochanteric Fracture Femur in elderly	Dr. E.Arun Poornesh	
	Efficacy of per-operative calf muscle electrostimulation in prevention of DVT for patients undregoing surgery around the hip joint	Dr. Aditya Bharadwaj	
	Total hip replacement in Acute management of acetabular fractures	Dr. Manohar T H	
8:30 - 10:30	IOA Guest lectures & Consensus in Joint replacement surgery		Dr. J Pachore, Dr. Ashok Rajagopal
8:30 - 8:50	IOA Guest Lecture : Robotics in TKR	Dr. Jegan Krishnan	
8:50 - 9:10	IOA Guest Lecture : VTE Prophylaxis after TJA: Money, politics or patient outcomes	Dr. Javad Parvizi	
9:10 - 9:30	IOA Guest Lecture : Managing prosthetic infection. Endoclinik experience	Dr. Thorsten Gerkhe	
9:30 - 9:45	Challenges in THR in young patients	Dr. J Pachore	
9:45 - 10:00	The Role of Cages in Acetabular Revision Surgery in 2018	Dr. Allan Gross	
10:00 - 10:15	TKR -Challenges in Asian Patients	Dr. Ashok Rajgopal	
10:15 - 10:30	Challenging Future	Dr. KH Sancheti	
10:30 - 12:00	Guest nation - British Orthopaedic Association Session		Dr. Ananda Nanu, Dr. Mandeep Dhillon

10:30 - 10:45	IOA Guest Lecture : Regulation in the profession	Dr. Ananda Nanu	
10:45 - 11:10	Balusankaran Oration : Ethics of placebo controlled RCT	Dr. Andrew Carr	
11:10 - 11:30	Dr. Amulya Kumar Saha Eponymous lecture: Personalised approach to Femoro acetabular impingement - Motion to navigation	Dr. Vikas Khanduja	
11:30 - 11:45	Metal on metal THR: What did we learn?	Dr. John Skinner	
11:45 - 12:00	Lessons learnt from National joint replacement registry	Dr. Duncan Wittal	
12:00 - 13:00	Medial Compartment Knee OA - HTO or UNI Knee Replacement		
	Debate: HTO vs UNI		Dr. Dipak Dave
	High Tibial Osteotomy in Medial Compartment OA	Dr. Bhushan Sabnis	
	Partial knee Replacement in Medial Compartment OA	Dr. Rakesh Rajput	
	Debate: Mobile bearing vs Fixed bearing		Dr. Anoop Jhurani
	Mobile bearing Uni – Evidence and Outcome	Dr. Max Gibbons	
	Fixed bearing Uni – Evidence and Outcome	Dr. Ray Randle	
	Debate: Conventional vs Robotic		Dr. Rakesh Rajput
	Conventional Uni is the best	Dr. Max Gibbons	
	Robotics in Uni Knee Replacement will be the future	Dr. Anoop Jhurani	
13:00 - 13:45	Lunch		
13:45 - 14:25	IOA Eponymous Lecture & Invited Guest Lectures		Dr Aruldurai Arasu, Dr Sudhir Kapoor, Dr Y P Patel
13:45 - 14:05	Dr. M. N. Natarajan Eponymous lecture - Present & Future trends in fracture neck of femur	Dr. Rajeev Naik	
14:05 - 14:15	Free Fibula Strut as biological IM nail for management of difficult nonunion of long bones	Dr. S S Yadav	
14:15 - 14:35	IOA Conference Lecture: Acute Scaphoid Fractures - results of SWIFFT study	Dr Joseph Dias	
14:35 - 15:25	Open Injuries Session (8+2 min each)		Dr Aruldurai Arasu, Dr Sudhir Kapoor, Dr Y P Patel
14:35 - 14:45	1. Decision making in open injuries	Dr. Sharath Rao	

14:45 - 14:55	2. Debridement, Ganga Hospital Score	Dr.Pushkar Chawla	
14:55 - 15:05	3. Role of antibiotics	Dr. Sherwani	
15:05 - 15:15	4. Immediate Skeletal Management	Dr.Ramesh Babu	
15:15 - 15:25	5. Open distal femur fracture with bone loss	Dr.Manasseh	
15.25 - 16.25	Emerging Techniques Session		Dr Lazar Chaandy, Dr Frankie Leung, Dr Ravichandran
15:25 - 15:33	1. Mid clavicle Fractures	Dr. Anup Agarwal	
15:33 - 15:41	2. Radial Head fracture fixation	Dr.Ritab Mittal	
15:41 - 15:49	3. Radial head replacement	Dr.Frankie Leung	
15:49 - 15:57	4. Fixation of Displaced femoral neck fractures	Dr.James Waddell	
15:57 - 16:05	5. Ganz Osteotomy	Dr.Sanjay Gawhale	
16:05 16:13	6. Posterolateral fragment fracture in tibial condyle	Dr.Jignesh Pandya	
16:13- 16:19	7. Posterior malleolus fracture fixation	Dr.Lazar Chandy	
16:19 - 16:25	Discussion		
16:30	General Body Meeting		

DAY 3 - 01.12.2018

Time	Topic	Speaker	Chairpersons
7:45 - 9:30	KT Dholakia Gold Medal Session		Dr. Deen Mohammed Ismail / Dr Rajendra Sahu
	Study of outcome following different neurotisations for elbow flexion in adult brachial plexus injurues	Dr. K V Santosh reddy	
	Effect of remnant preservation on clinico radiological outcomes in arthroscopic ACL reconstruction using hamstring autograft.A prospective comparative study.	Dr. Parv mittal	

	Factors Influencing The Outcomes Of Culture Negative Infections Of Two Stage Revision For Periprosthetic Joint Infections Of The Hip And Knee	Dr. Dhanasekara Raja Palanisami	
	Is the time ripe for UKA in India : Prevalence of Anteromedial Osteoarthritis in Patients Undergoing TKR in a high volume Centre in Indian Population!!	Dr. Deepesh Daultani	
	Posterior column anatomical acetabular plate- An Indian Design	Dr. Tarun Verma	
	Management of metacarpel and phalangeal fractures of hand with joint sparing technique using dual intramedullary k-wires.	Dr Iqbal Singh Ghai	
	Arthroscopic Augmentation in partial ACL tear with preservation of intact bundle: Preliminary results	Dr. Kamaldeep Singh	
	A prospective observational study of Functional outcome of Arthroscopic Anatomical Antero- Medial single bundleA prospective observational study of Functional outcome of Arthroscopic Anatomical Antero- Medial single bundle ACL reconstruction using ipsilateral Tripled ST graft fixed proximally by closed loop endo-button and distally by Bio screw.	Dr. Umesha C	
	Intra Articular Platelet Rich Plasma Injection For Patients with Osteoarthritis of the knee-A Newer Treatment approach	Dr. Punithavasanthan.B	
	Evaluation of Role of Antibiotic Cement impregnated intramedullary nail in infected long bone fractures	Dr. Saurabh Jain	
	Outcome comparison of microport amp and depuy sigma tka at mid-term follow-up in indian population	Dr. Mohammed Aejez Uddin	
9:30 - 11:00	Leadership Summit		
11:00 - 11:45	Valedictory Function		
12:00 - 13:30	Arthroplasty Free Papers & JAM (12+14)		Dr . M Ajith Kumar/ Dr. Balasubramaian
	Salvage Of Recurrent Recalcitrant Prosthetic Knee Joint Infection Using Ilizarov External Fixator	Dr. Vignesh karthik	
	Transfusion practice in Elective knee arthroplasties: Is Pre-Operative Group and Save and cross-matching required?	Dr. Vetri Ganapathy T	
	A Randomised case control study of Pain control by Periarticular local infiltration in total knee arthroplasty	Dr. Hemant kumar	
	Does hand held navigation make bilateral sequential knee replacement safer?	Dr. Sai prasanth G T	
	A prospective randomised study to compare large-console imageless computer assisted Navigation Vs Accelerometer based portable Navigation technique of total knee replacement	Dr. Arun M	
	Measured resection versus gap balancing technique functional outcome after computer assisted total knee Arthroplasty	Dr. Nithin S	

	A prospective single centre Non randomised clinical study comparing the functional difference between a standard posterior stabilised total knee arthroplasty and a high flexion posterior stabilised total knee arthroplasty in terms of Range of motion(ROM)	Dr. Jeetesh gawande	
	Recon Hemi-Arthroplasty Solace in Inter Trochanteric Fractures of Hip in Morbid Elderly	Dr. V S N Raju	
	Reliability and validity of measuring acetabular cup version by plain x rays using various methods in comparison with 2D CT Scan in south indian population.	Dr. S.Prabakar	
	Morphology of proximal femur in South-west coastal India	Dr. Jose Austine	
	Does TKA/THA affect Qol and productivity in an elderly patient? Evaluation of financial funding pattern and refusal factors in patients undergoing TKA/THA in Eastern India Population.	Dr. Nishit Palo	
	Evaluation of results of reverse shoulder arthroplasty in four part fracture of proximal humerus in elderly patients.	Dr. Udit Sourav Sahoo	
	JAM sessions (1+1min each)		Dr. Jawahar Jethwa, Dr Thennavan
	Is proximal fibular osteotomy (PFO) fast supplanting high tibial osteotomy (HTO) and total knee replacement (TKR) for the treatment of medial compartment osteoarthritis (OA) of knee joint in young patients	Dr.Arun Vashisht	
	Analysis of functional and radiological outcome of medial compartment osteoarthritis knee treated with proximal fibular osteotomy	Dr. K.Nagendran	
	Evaluate the effect of backward walking in rehabilitation of Post operative Total Knee Replacement / Unicndylar Knee Replacement patient	Dr. Sushant chavan	
	Results of unicndylar knee arthroplasty in Indian rural population. Should UKA be the first choice in surgical treatment for osteoarthritis in India?	Dr. Ankush VijayRao Nawale	
	Locating the optimal rotational position of the tibial component for TKA: A new method of transferring femoral rotation to the tibia.	Dr. Dinesh kumar	
	Comparison between periarticular injection and epidural analgesia for pain relief and functional recovery following total knee arthroplasty	Dr. Saravanan.G	
	Mid term analysis of functional outcome of cruciate substituting total knee arthroplasty using an ultracongruent deep dished polyethylene insert	Dr. Syam Nath S H	
	Does concomitant low back pain affect the functional outcome in Total Knee Replacement?	Dr. Gireesh khodnapur	
	Periprosthetic Fracture around knee	Dr. Pramod Jain	
	Comparative evaluation of Periarticular infiltration of two cocktail regimens for analgesia in post operative patients of total knee replacement	Dr. Ajeet kumar	
	Clinical and radiological evaluation of hind foot alignment influence over the Pre and Post operative Total knee arthroplasty.	Dr. .Chetan John Rasquinha	
	An analysis of the variation of the tibial slope in a South Indian population- a study of 290 patients with review of literature	Dr. Pavan kumar Pattad	

	Anthropometric comparison between indian and arabic knees with respect to total knee replacement	Dr. Niranj. G.R	
	Morphometric analysis of Indian knee joints:Comparison with knee prostheses and different ethnic groups	Dr. Anand Pukhraj Surana	
	Outcomes of Selective Resurfacing of patella using the HSS patella-femoral scoring and Baldini weightbearing merchant view	Dr. P.Yuvarajan	
	A Radiographic study of the anatomical variation in tibiofemoral axis in the South Indian population	Dr.Pavan kumar Pattad	
	Relationship between Reconstructed femoral offset and functional outcome following hemiarthroplasty for displaced femoral neck fractures in Geriatric population	Dr. Chetan singh Dhosariya	
	Emergency revision Total hip arthroplasty in young adult: A Case Report and Current literature review	Dr. Abhijit jawali	
	Role of Milch batchelor osteotomy in treatment of osteonecrosis of femoral head - Still a procedure of choice in poor Indians over total hip replacement.	Dr. Sambit Kumar panda	
	Short term analysis of functional and radiological outcome of Bipolar Hemiarthroplasty in unstable Intertrochanteric fracture in Osteoporotic patients.	Dr. Venatius varghese	
	Outcome of Postero-Lateral Window Approach For Total Hip Arthroplasty	Dr.Jitendra wadhvani	
	Stiffness after Total Elbow Arthroplasty What is the ideal Method of release A Comparative Study between MUA and Arthrolysis.	Dr. Suhasish Ray	
	Analysis of haematological metal element levels in orthopaedic patients with Implants.	Dr. Shreyas Doddihithlu	
	Effect of metabolic syndrome on cartilage metabolism in early knee osteoarthritis	Dr.Rajath S O	
	Hyaluronic injections as an interim alternative total knee replacements in patients with osteoarthritis of the knee	Dr. Nachappa Sivanesan Uthraraj	
13:30	Lunch
