

DAY 1 - 29.11.2018

Time	Topic	Speaker	Chairpersons
8:30 -10:00	Spine Free Papers & JAM session (9+16)		Dr Roop Singh. Dr Vinod Tiwari
	Transforaminal epidurogram - a new classification	Dr. Palanikumar	
	Correlation of clinico-imaging and histological diagnosis with cartridge based nucleic acid amplification test line probe assay and liquid culture in osteoarticular tuberculosis	Dr. S. Abhimanyu	
	Low back pain - new insights into an age-old problem.	Dr. Sri Vijay Anand K S	
	Paraspinal muscles and their correlation with the other spinal parameters in lumbar spine an mri analysis	Dr. Saktthi sellayee	
	Management of infections in lumbosacral spine - analysis and outcome	Dr. Subramaniam M H	
	Effectiveness of foramen magnum decompression on syrinx morphology and curve progression in type 1 acm with scoliosis: an indian experience	Dr. Sivaraj. S	
	Is combined anterior and posterior fusion always the norm in dystrophic scoliosis in neurofibromatosis? Clinical and radiological outcomes of dystrophic scoliosis in neurofibromatosis treated with one-stage posterior-only pedicle screw technique.	Dr. Aju Bosco	
	Intraoperative neurophysiological alerts during spine surgery: do they all mean an ongoing neural damage?	Dr.Nishant Sampath	
	Posterior approach in thoracolumbar tuberculosis: a clinical and radiological review of 67 operated cases.	Dr. Tanay prabhoo	
	Prevalence of atraumatic osteoporotic compression fractures of the dorsolumbar spine in a tertiary care hospital	Dr Ajay Gautham	
	JAM Sessions		Dr Rishi M Khanna/ Dr S Namboodri
	Is there an agreement between ASIA impairment scale and Magnetic Resonance Imaging in prediction of neurological recovery in acute traumatic spinal cord injury	Dr. Roop Singh	
	Reduction vs In-situ fusion: Does L5 form a new base and predict need for reduction in high grade spondylolisthesis?	Dr. Arun Kumar Viswanadha	
	Â clinical and radiological outcome following posterior only surgery in thoracic and lumbar spinal tuberculosis - A Prospective randomized control trial between all posterior global reconstruction versus standalone Posterior instrumented stabilization	Dr. Sachlang Debbarma	
	Anterior versus Posterior Surgery in Unstable Traumatic Spondylolisthesis of Axis: A Retrospective review of 31 cases	Dr. Rajdeep Singh Bagga	
	Does paraspinal neurofibroma influence the morphological difference in scoliosis secondary to Neurofibromatosis 1? - A retrospective study	Dr. R.Rajesh	
	Prognostic utility of Magnetic resonance imaging (MRI) in predicting neurological outcomes in patients with acute thoracolumbar spine injury	Dr. Ankith NV	

	Short segment fixation vs.Mccormack scoring in unstable thoracolumbar fractures	Dr. Navdeep Singh	
	Outcome of operative management of tuberculosis of spine(minimum 6 months follow up)	Dr. Viraj Kiritbhai Patel	
	Selective Nerve Root Block for radiculopathy in spondylolisthesis	Dr. Tushar Sawant	
	Epidural Steroid for Sciatica : 34 years study	Dr. Umesh Prasad Choudhary Suman	
	Outcome of posterior lumbar interbody fusion using cages combined with instrumented posterolateral fusion.	Dr. Tej Rudani	
	A retrospective study to find the correct diagnosis of TB Spine nonresponders on ATT	Dr. Rishabh Kumar	
	Functional outcome assessment in different types of thoracolumbar fractures treated with short same-segment pedicle screw fixation - A prospective study.	Dr. Manjunath A N	
	Posterior Vertebral Column Resection (P-VCR) for Severe Rigid Congenital Kyphosis	Dr. Vignesh Mathialagan	
	Comparative study between anterior odontoid screw fixation vs posterior instrumented fusion in the management of type ii odontoid fractures.	Dr. Rajsirish Bs	
	One Breath Count- a gadget free bed side Monitoring tool for Respiratory management in Cervical Cord Injury Patients.	Dr. Dilip Kumar Sinha	
10:00 - 13:00	IOA Orations		
13:00 - 13:45	Lunch		
13:45 - 15:45	APOA Session : Future of Orthopaedic Practice - Paths to Success (10 min each)		Dr HKT Raza / Dr Anup Agarwal / Dr Sunil Reddy
13:45 - 13:55	From the Horse's Mouth - Challenges for the Young Surgeon	Dr Ashok Gavaskar	
13:55 - 14:05	The Ideal cocktail - Merging Academics & Clinical Practice in Orthopaedics	Dr Ted Mah	
14:05 - 14:15	A True leader Creates More leaders - From Individual to Institution	Dr Guruva Reddy	
14:15 - 14:25	Work is Life: Life is work -The Keys to Maintaining A good Work Life Balance	Dr Jamal Ashraf	
14:25 - 14:35	Old is Gold : Good Judgement comes from Challenging Experiences	Dr Dato Sivananthan	
14:35 - 14:45	Discussion		
14:45 - 15:00	APOA- YSF: Best Paper Winners (6 min each)		
	Gram Negative Osteo-articular infections: Is it the last call?	Dr Aditya Menon	

	A Novel Armboard Technique for Supracondylar Fractures	Dr Chintan Doshi	
15:00 - 15:45	Practice Perspectives (10 min each)		
15:00 - 15:10	Paying for Biscuits & Expecting Cakes : Low Cost & High Quality treatment - Is it possible in Today's scenario ?	Dr S Rajasekaran	
15:10 - 15:20	The Importance of Collective Wisdom : The Fruits & Spices of Group Practice	Dr SKS Marya	
15:20 - 15:30	Brace Yourself for Challenging Times Tough times ahead with New Industry Regulations	Dr Onder Aydingoz	
15:30 - 15:40	Health Communication	Dr Alexander Thomas	
16:00	Conversation with the mystic		

DAY 2 - 30.11.2018

Time	Topic	Speaker	Chairpersons
7:30 - 8:30	Paediatrics Free Papers & JAM (9+7)		Dr Lenin Babu / Dr Narasimha Rao
	Ankle valgus deformity following non vascularized fibular bone graft in children	Dr. Deepak kumar	
	Outcome of accelerated ponseti technique in the treatment of idiopathic club foot	Dr. Anand Babu	
	Outcome of dome osteotomy with osteosynthesis for genu valgum deformity in late adolescent and young adults.	Dr. Kuldeep Bansal	
	Revision surgeries in ddh: our experience	Dr. Abhishek S. Bhasme	
	Outcome of posteromedial soft tissue release in cases of resistant and recurrent ctev in ponseti era	Dr. Lakshmana Das S	
	Accelerated Ponseti method - Equally effective as Standard Ponseti method in treatment of idiopathic congenital talipes equinovarus	Dr. Prasan Kumar Jain	
	Evaluation of effectiveness of cyclical pamidronate therapy in childhood Osteogenesis Imperfecta	Dr. Sukumar G. N.	
	Fibular strut graft in non union paediatric fracture neck femur-case series	Dr. Aslam Ahmed	

	Early centralisation and reconstruction in fibular hemimelia	Dr. Sakti Prasad Das	
	JAM SESSIONS		Dr K Venkatadass/ Dr Taral Nagda
	Our experience of ponseti`s technique in the management of idiopathic club foot - 307 feet in 205 Children	Dr. P.Sridhar	
	Triceps-splitting posterior vs lateral approach in the surgical management of supracondylar humerus fractures in paediatric population : A comparative Prospective study	Dr. Pallav Gupta	
	study the functional and radiological outcome and complications of closed reduction and internal fixation of paediatric diaphyseal fractures of femur with TENS	Dr. Deepak Kumar Mishra	
	Immunomodulation in diffuse pediatric chronic osteomyelitis in malnourished children.	Dr. Tariq Akhtar Ansari	
	A Rare Presentation Of Xanthomatous Lesion In The Cuboid Bone In A 11 Year Old Boy Post Varicella Zoster Infection	Dr. Soma Sundar	
	Correction of angular deformities of knee by 8-plate hemiepiphysiodesis	Dr. Swagat Mahapatra	
	Management outcome of children treated with ponseti technique(minimum 2 year follow up)	Dr. Parimal S Prajapati	
8:30 - 10:00	Trauma Free Papers & JAM : Shaft Humerus + Elbow + Forearm + Wrist (14+11)		Dr Major Kamalanathan, Dr K Ravichandran
	Comparative Study Between Anterior Bridge Plating And Posterior Plating For Fracture Shaft Humerus	Dr Yogesh Patel	
	Extraarticular Locking Plate Fixation In Extraarticular Distal Third Humerus Fractures - Our Experience	Dr R J Bharat Kumar	
	Prospective Randomized Controlled Trial Comparing The Functional Outcome Of Olecranon Osteotomy Versus Triceps Tongue Elevation For Surgical Exposure Of Distal Humerus In Adults	Dr Rajiv Maharjan	
	A Study Of Functional Outcome After Osteosynthesis Of Intercondylar Fracture Of Distal Humerus In Adults With Pre-contoured LCP System	Dr Ankur Ojha	
	Clinical Study On The Management Of Extra-articular Distal Humerus Fracture Treated With Extra-articular Distal Humeral Locking Compression Plate.	Dr Anup Jyoti Kotoky	
	Analysis Of The Functional Results Of Intercondylar Fractures Of The Humerus Fixed With Dual Y Plate	Dr Swagat Mahapatra	
	Displaced radial head fractures. Should we fix it?	Dr Shradha Bora S	
	Comparison between results of intramedullary nailing and plating in forearm bone fractures	Dr Sreejith G S	
	Functional outcome of closed reduction and percutaneous 5-pin K-wiring of distal radius fractures	Dr Krishna Prasad Kesavan	

	Extended use of Intra-focal (Kapandji) K-wiring in intra-articular fractures and epiphyseal injuries	Dr J Terrence Jose Jerome	
	How far have we progressed in nearly two centuries since Colles published his classical description ? Review analysis of a large series of 5292 fracture lower end radius. Over a period of 1985 to 2014	Dr Raghavendra Shankar Kulkarni	
	Evaluation of results of resection arthroplasty of failed total elbow replacement	Dr Anand Kishore Pal	
	A Comparative Study Of Comminuted Intra-articular Distal Radial Fractures Treated By Ligamentotaxis With Primary Bone Graft And Without Primary Bone Graft	Dr Vishwas H R	
	Results of distal locking plate in distal radius fractures.	Dr Karan Siwach	
	JAM SESSIONS		Dr Parthasarathy, Dr Gulam Moideen
	A Study Of Management Of Humerus Diaphyseal Fractures By Conservative Versus Operative Treatment	Dr Vadlamudi Sri Kiran	
	Long Term Functional Outcome Of Fracture Shaft Of Humerus Treated With Intramedullary Nailing - A Case Series	Dr Jacob Ipe	
	Extra Articular Distal Humerus Fractures: Single Plate Single Approach Single Group Of Surgeons	Dr Rakesh Kumar Dhukia	
	Functional Outcome Of Extra-articular Distal Humerus Fracture Treated With Pre-contoured Posterolateral Plate Through Triceps Reflecting Approach.	Dr Aliasgar Rampurwala	
	Fracture Dislocation Elbow : Our Treatment Algorithm	Dr Pushkar Chawla	
	Segmental fractures of forearm - outcome analysis of various management strategies	Dr Thirunarayanan V	
	Management Of Comminuted Intra-articular Fractures Of Distal Radius With Ligamentotaxis	Dr Anyapu Deepak	
	Distal Radius Fracture Fixation With Lift Off Technique- Our Experience	Dr Saravanan S	
	Treatment Outcomes Of Distal Radius Fracture With Polyaxial LCP	Dr P Venkatesh	
	Treatment Of Diaphyseal Fractures Of Metacarpals And Phalanges: Comparison Between Open Reduction And Internal Fixation With Mini Plate Vs Kirschner Wire- A Randomized Controlled Study	Dr Partha Pratim Das	
	Functional evaluation of early nerve decompression in Hansen's disease.	Dr Yashim Khan	
10:00 - 11:30	Basic Science Free Papers & JAM Sessions (14+10)		Dr Sipani / Dr Rishi Kanna
10:00 - 10:05	Effect of Proximal Fibular Osteotomy in Medial Compartment Decompression of Indian OA knees- 40 case series	Dr. M Venkateswara Rao	

10:05 - 10:10	Study of epidemiology and antimicrobial sensitivity of osteoarticular infection in tertiary care hospital	Dr. Ayaz Ali Mir	
10:10 - 10:15	60 month randomised placebo controlled study about efficacy of repeated yearly use of high molecular weight intra articular Hyaluronic Acid in Knee Osteoarthritis	Dr. Santanu Basu Ray	
10:15 - 10:20	Understanding the disaster medicine Meaning & Importance	Dr. Dinesh Sharma	
10:20 - 10:25	Current trends in publication in 3D printing in Orthopaedics	Dr. Abhishek Vaish	
10:25 - 10:30	A comparison between intravenous and local tranexamic acid in controlling blood loss in patients undergoing hemireplacement arthroplasty with bipolar prosthesis - a randomised controlled trial.	Dr. Tohito H Achumi	
10:30 - 10:35	Comparitive study of scanning electron microscopic features of knee articular cartilage in normal young adults and old aged people	Dr. Udayamoorthy	
10:35 - 10:40	Assessment of new teaching module in orthopeadics	Dr. Rajesh Kumar Gupta	
10:40 - 10:45	Diagnostic Values of Various Clinical tests for Subscapularis Tears of Shoulder- A Prospective Diagnostic Study	Dr. Siva Kumar Kotra	
10:45 - 10:50	The Indian Orthopaedic Resident- Do we even know what we are doing? : A comparative study of different resident criterias of various countries	Dr. Ankit Prasad	
10:50 - 10:55	The association of sarcopenia in patients with chronic low back ache - A case control study	Dr. R.Rajesh	
10:55 - 11:00	Relevance of plantar heel spur and its clinical or functional status in patients of plantar Fasciitis	Dr. Anshuman Mishra	
11:00 - 11:05	Efficacy and functional outcome of bone marrow aspirate concentrate injection in osteoarthritis of knee.- a prospective study	Dr. Sudharsana Reddy Palle	
11:05 - 11:10	Vascular nonunions of shaft femur fracture treated by exchange nailing with augmentation plating and bone grafting “our early experience	Dr. Manjunath Sangolgi	
JAM SESSIONS (1+1 min each)			
	Effect of metabolic syndrome on cartilage metabolism in early knee osteoarthritis	Dr. Rajath S O	
	Ergonomics in Medical Science	Dr. Siddharth Gupta	
	A randomized control trial of autologous platelet rich plasma injection in musculoskeletal disorders	Dr. Madhan J	
	Documenting the role of concern and risk perception in osteoprotective behavior in elderly women presenting to the Orthopaedics OPD in a tertiary care centre	Dr. Vikas Verma	
	A prospective randomised controlled study for assessment of use of pneumatic tourniquet in below knee amputation of ischemic limb in peripheral vascular disease.	Dr. John Mohd	

	Randomized Controlled Trial Of Intra-Lesional Injection Of Platelet Rich Plasma V/S Intra-Lesional Triamcinolone Acetonide In The Management Of Lateral Epicondylitis	Dr. Partha Pratim Das	
	Biomarkers and investigations in Rheumatoid Arthritis-Do they change medical management?	Dr. Shiva Shankar Jha	
	Myth versus evidence in clinical orthopaedic practice	Dr. Raghav Ravi Veeraraghavan	
	Analysis of haematological metal element levels in orthopaedic patients with implants	Dr. Shreyas Doddihithlu	
	Toll like receptor-4 expression in corrosion metal debris induced hypoxic milieu around stainless steel implant	Dr. Jyothiprasanth.M	
11:30 - 13:10	Hand & Upperlimb : Free Papers & JAM Sessions (12+18)		Dr Praveen Bhardwaj / Dr Rex
	Comparative study of functional outcome of prp vs steroid in lateral epicondylitis	Dr.A.D.Sampathkumar	
	Functional outcome of early surgical treatment of intercarpal fracture dislocations of wrist	Dr. Pranit Sonawane	
	Comparison of radial head arthroplasty with radial head preservation in complex elbow fracture dislocation	Dr. Shivam Sinha	
	Radiological morphometric study of distal end radius in indian population & co-relation with parameter of standard distal end radius locking plates	Dr. Bushu Harna	
	How efficacious are the pre-contoured volar locking plates in the management of various types of unstable distal radius fractures?- a clinico-radiological study.	Dr. Narendran Pushpasekaran	
	Comparison of open reduction and internal fixation in acute and non union scaphoid fractures vs percutaneous fixation of minimally displaced scaphoid fractures in high demand young manual workersv	Dr. C.P.Pal	
	Is there a still a role for primary hemiarthroplasty in 3 and 4 part proximal humeral fractures?	Mr. Balachandran Venkateswaran	
	Role of cross finger flap in the management of finger tip bony and soft tissue injuries . A prospective study	Dr. Aruljothi	
	Morphometric analysis of scaphoid and influence of screw design and surgical approach in scaphoid fracture fixation. A study in indian population.	Dr. Saikat Jena	
	Worthiness of combined procedure (subacromial decompression along with capsular release) in frozen shoulder	Dr.Mohammad Jesan Khan	
	Extended use of Intra-focal (Kapandji) K-wiring in intra-articular fractures and epiphyseal injuries	Dr J. Terrence Jose Jerome	
	Fracture induced gradient	Dr. Joan Arakkal	
	Variations in anatomy in MRI of 1st Dorsal Compartment of Wrist and its association with symptomatic De Queverains's tenosynovitis	Dr. Ravi Kumar Shankar	

	An early evaluation of the health-related quality of life in patients with tuberculosis of the wrist. A Malaysian experience	Dr. Liew Siew Khei	
	JAM SESSIONS		Dr Abdul Rashid Badoo/ Dr Devendra
	A Prospective study of humerus intercondylar fracture AO type 13C surgically managed by bicolunar 90-90 plating	Dr. Ashish BC	
	Functional outcome of percutaneous pinning for fractures of proximal humerus	Dr. Venkatesh V	
	Lunate Excision and Scaphocapitate Arthrodesis in Kienbock Disease: Analysis of Various Outcome Measures	Dr. Nikhil Goyal	
	An epidemiological study of congenital deformities of hand at a tertiary care hospital in West Bengal	Dr. Imran Khan	
	Outcome of shoulder abduction by different neurotisation/nerve transfers in traumatic brachial plexus injury - An Emphasis on Brachial plexus Exploration	Dr. Gowrishankar S	
	A prospective study to compare efficacy of local corticosteroid and platelet rich plasma injection for treatment of lateral epicondylitis	Dr. Surendra Singh Yadav	
	Valuation Of Outcomes Of Laterjet Anterior Gleno-Humeral Joint Strengthening Procedure In The Management Of Recurrent Anterior Shoulder Instability	Dr. Rajib Debnath	
	Comparative analysis of intra-articular steroid and NSAID in treatment of primary frozen shoulder: a Randomized control trial	Dr. Varun Singh	
	A Randomised Control Study Comparing The Efficacy Of Triamcinalone Injection Vs Platelet Rich Plasma In Rotator Cuff Tendinopathy	Dr. Mahesh M	
	Hemi-hamate autograft arthroplasty for chronic PIP joint fracture dislocations	Dr. Bayani Anjana Narasimha Reddy	
	Comparative study of open reduction internal fixation and resection arthroplasty in radial head fractures	Dr. Kanav Mahajan	
	A comparative study of conservative versus surgical management of displaced midshaft clavicle fractures	Dr. C.Sushruth	
	Efficacy Of Platelet Rich Plasma Versus Corticosteroid In Treatment Of Lateral Epicondylitis	Dr. Irfan Dandharagi	
	Modified Matched Ulnar Resection For Arthrosis Of Distal Radioulnar Joint In Ra	Dr. Srikanth	
	Functional outcome of Type 23-C (AO/OTA) Distal Radial Fractures (DRF) managed by percutaneous 5-pin fixation.	Dr. Vamsi Krishna Pothineni	
	Outcome of autologous blood injection in the treatment of lateral epicondylitis: A prospective study	Dr. Vikas choudhary	
	Sternoclavicular Joint Tuberculosis: A Series of Sixteen Cases managed conservatively	Dr. Sanjeev Kumar	
	Short term clinical and radiographic results following proximal row carpectomy	Dr. Abhishek Saxena	

13:00 - 13:45	Lunch		
13:45 - 15:15	Trauma Free Papers & JAM - Pelvis & Acetabulum + Miscellaneous (13+13)		Dr Chockalingam, Dr Pandian
	Fracture Induced Gradients- A New Paradigm For Fracture Healing	Dr Joan Arakkal	
	Learning curve of a pelvi-acetabular surgeon in his first hundred cases of acetabular fractures which underwent open reduction and internal fixation.	Dr Ramesh Perumal	
	Technique And Short Term Results Of Marginal Impaction In Posterior Wall Fractures Of Acetabulum (62 A1.3) Treated By Open Reduction Internal Fixation And Bone Grafting	Dr Ganesh Kumar	
	Technical Trick To Avoid Intra-articular Screw Placement In Posterior Wall Fractures Of Acetabulum	Dr Avinash M	
	In the age of 3D printing; biological osteoarticular reconstruction with ECRT for acetabulum takes the lead!	Dr Manit K Gundavda	
	3D printing for acetabular surgery- you can do it.	Dr Bhavin Jadav	
	Sacro-iliac Joint Fixation	Dr Ritabh Kumar	
	Evaluation Of Accuracy Of Computer Assisted Designing Of Plate On Contra-lateral Hemi-pelvis For Acetabular Fracture Fixation	Dr Gaurang Agarwal	
	Use of sanitary napkin for dressing in hip region surgery : a cost effective measure	Dr Konchada Srikant	
	Multiaxial Fracture Reduction Device.	Dr Bishnu Prasad Patro	
	Role Of Teriparatide In Management Of Osteoporotic Intertrochanteric Femur Fractures A Prospective Randomised Control Trial	Dr Aman Hooda	
	Àœmovonâ€ As A Tool For Undergraduate Formative Assessment- A Questionnaire Based Pilot Study From North Eastern India	Dr Tobu Pertin	
	Implant Wastage In Orthopaedic Theatres .should We Be Concerned?	Dr Anoop Anugraha	
	JAM SESSIONS		Dr Abdul Rashid Badoo/ Dr Devendra
	Functional Outcome Of Single Percutaneous Iliosacral Screw Fixation In Posterior Pelvic Ring Injuries.	Dr Mohammed Irshad Naveed Ahmed	
	Modified Two Incision Ilio-inguinal Approach To Manage Tile Type B & C Unstable Pelvic Injuries; Our Experience	Dr Rajveer S Bajoria	
	Prospective And Retrospective Analysis Of Acetabular Fractures Treated By Internal Fixation	Dr Gowtham Ram	
	Headless Screws For Augmenting Fixation And Accurate Anatomical Reduction In Comminuted Posterior Wall Acetabulum Fracture.	Dr Praveen R	

	Functional Outcome Analysis Of Open Reduction And Internal Fixation Of Complex Acetabular Fractures	Dr Ramesh Manickam	
	How Safe Is Antegrade Femoral Nailing In Ipsilateral Acetabular Fracture Fixation - An Anlysis Of 20 Fractures	Dr Rakesh Kiran Y	
	Challenges In The Management Of Geriatric Orthopaedic Problems	Dr S Ramesh Babu	
	Outcome Analysis Of Lower Limb Amputation	Dr Muthuraman	
	Pain management in fracture care	Dr Rashmi Yadav	
	Traumatic Amputation - A Curse Of Modern Civilization	Dr Rananjay Sarmah	
	Role Of Unloader Hip Brace In Kinematics Of Hip Joint.	Dr Tarun Verma	
	Beware Of Implant Related Compliation In Coming Decades	Dr Khariwal Vijay Kumar	
	Varied Modalities In Management Of Fractures In Patients With Post Polio Residual Paralysis - Case Series	Dr Gurumoorthy	
15:15 - 16:15	Paediatrics Free Papers & JAM (9+8)		Dr Cherian Kovoov/ Dr Vignesh Prabu
	Congenital vertical talus “ Is reverse ponseti Paradigm ?” our experience from tertiary paediatric institute	Dr. Naveen s	
	Analysis of determinants of successful treatment outcomes for distal forearm fractures in children.	Dr. Darshan M Kapoor	
	Flexible intramedullary nailing versus plate fixation for pediatric femoral shaft fracture â€” a meta analysis	Dr. V. Srikiran	
	A Comparative study between conservative treatment and closed titanium elastic nailing in management of fractures of shaft of femur in children-our experience	Dr. Suresh Kumar K	
	Outcome of varus derotation osteotomy in perthes disease	Dr. Siddharth Gupta	
	Neonatal septic arthritis in tertiary care hospital in tamilnadu - â retrospective study	Dr. Esakki Murugan	
	Single Stage Surgical correction of Untreated / Neglected / Resistant / Relapsed / Recurrent / Residual / Neurogenic / Myogenic / Osteogenic / Syndromic Clubfoot with Midfoot Corrective Osteotomy.	Dr. Surbhit Rastogi	
	A Clinical and Radiological Study of Open Reduction and Dega Acetabuloplasty for Developmental Dysplasia of Hip in Walking Age Children	Dr. Santosh Behera	
	Correction of Resistant/Relapsed/Neglected Clubfeet by Differential Distraction with a Simple Unconstrained Ilizarov Construct	Dr. Marikannan Chinnadurai	

	Ultrasonographic evaluation of achilles tendon healing after percutaneous tenotomy in club foot.	Dr. Saurabh Agarwal	
	Management of paediatric femoral shaft fracture by surface traction and thigh brace immobilization	Dr.Md.Wahidur Rahman	
	JAM SESSIONS		Dr K Venkatadass/ Dr Lenin Babu
	Comparitive study between rush pins & criss cross k wires in the management of quadratus fracture among paediatric population	Dr. Sathish Kumar T	
	Titanium elastic nailing system (tens) for paediatric tibial diaphyseal fracture (a prospective study)	Dr. Vinit Vivek	
	Observational Study on Impact of Paediatric Foot Pathology and its Management in Ossification of Midfoot Tarsal bones	Dr. Sathish	
	Outcome analysis of treatment modalities of congenital coxa vara	Dr. Pradeep T	
	Dysplasia Epiphysealis Hemimelica (Trevor-Fairbank disease) in a 5 year old male child - a case report	Dr. Makesh Ram Sriraghavan	
	Our experience of percutaneous tenotomy done under local anaesthesia for c.t.e.v (club foot) cases managed by ponseti method in 135 cases (203 feet)	Dr. N.Vinothkumar	
	A Novel method of correction of Coxa Vara	Dr. R G Praveen	
	Age related torsion of lower limbs in normal children	Dr. Abhishek Venkataramani	
16:30	General Body Meeting		

DAY 3 - 01.12.2018

Time	Topic	Speaker	Chairpersons
8:00 - 9:30	IJO Session		Dr Anil Jain / Dr Bhavuk Garg
8:00 - 8:10	Writing a paper – Dos and Don'ts	Dr I.K. Dhammi	
8:11 - 8:17	Ethics in publication	Dr. Vivek Trikha	
8:18 - 8:25	Plagiarism – A burning issue	Dr. Bhavuk Garg	
8:26 - 8:35	Types of studies : RCT, Reviews, Meta-analysis, Case Series	Dr. Murali Poduval	
8:36 - 8:45	How to write perfect Introduction and Materials & Methods	Dr Sanjay Keshkar	
8:46 - 8:55	How to write Results	Dr. Ashok Gavaskar	

8:56- 9:05	Statistics used in writing research paper	Dr. Anil K Jain	
9:06 - 9:15	How to write Discussion and Conclusion	Dr. SC Goel	
9:16 - 9:22	Referencing properly	Dr. Rehan Ul Haq	
9:23 - 9:30	Title/abstract, imagings of an original paper	Dr. ZS Kundu	
9:30 - 11:00	Leadership Summit		
11:00 - 11:45	Valedictory Function		
12:00 - 13:30	Spine Free Papers & JAM session (6+14)		Dr Shyamsundar Bhat, Dr Karthikeyan
	Efficacy and safety of using single Anterior Approach in sub -axial cervical spinal injury	Dr. Sharif Ahmed Jonayed	
	Instrumented Vs Non Instrumented Anterior Decompression In TB Spine: Long Term Outcome Analysis	Dr. Alok Rai	
	Clinical and radiological outcome of modified mini open and open transforaminal lumbar interbody fusion - a comparative study	Dr. Faraz Ahmed	
	Clinico-Radiological outcomes after Pedicle Subtraction Osteotomy for fixed sagittal imbalance patients : a short term follow up of 21 patients.	Dr. Pramod Dashrath Bhilare	
	Functional and bio-chemical comparison between patients transfused with fresh whole blood and components following major spine surgery -prospective randomized study	Dr. Keerthivasan	
	The effect of balanced preemptive analgesia on postoperative pain in spine surgery - a double blinded prospective randomized clinical trial of 100 patients.	Dr. S.Dilip Chand Raja	
	Posterior Long Segment Transpedicular Screw Fixation for Unstable Thoracolumbar Fractures with Incomplete Spinal Cord Injury	Dr. Syed Shahidul Islam	
	JAM Sessions		Dr Rishi Khanna / Dr Sreeramalingam
	Pyogenic spondylodiscitis secondary to chronic non healing foot ulcer	Dr. Sumanth Kaiwar	
	Role of surgical decompression in neglected cauda equina syndrome?	Dr. Mohd Rafiq Bhat	
	Muscle fat fascia graft in pedicle screw malposition- a new technique to prevent post operative neurodeficit without revision.	Dr. Suhasish Ray	
	Why not instrumentation for early rehabilitation in spinal tuberculosis ?	Dr. Bipul Borthakur	
	Posterior only approach in cases of caries spine with neurodeficit: A study of the surgical outcome	Dr. Sourav Chatterjee	

	Effect of prophylactic intra-operative instillation of vancomycin powder following spine surgery: a retrospective case control study	Dr. Ayaz Ali Mir	
	Treatment of thoraco-lumbar fractures by short segment pedicle screw fixation with two index vertebral [sspi+2is] screws	Dr. Vinoth Thangamani	
	Diagnostic challenges in spinal tuberculosis	Dr. Sathiyamoorthi Palanisamy	
	Comparative study of interlaminar versus transforaminal epidural steroid injection	Dr. A.D.Sampathkumar	
	Failed back surgery syndrome: Outcome of a multidisciplinary rehabilitation protocol	Dr. Deepak Sharan	
	Anterior instrumentation for cervical tuberculosis- our experience	Dr. R J Bharat Kumar	
	Is Halo Gravity Traction a panacea in severe rigid spinal deformities - a prospective analysis of 26 patients.	Dr. S.Dilip Chand Raja	
	Comparitive study of impact of teriparatide and alendronate on regional bone changes for treatment of post-menopausal osteoporosis	Dr. Aditya Bharadwaj	
	Decision Making In Cervical Spine Trauma With Ankylosing Spondylitis - A Guide To Surgical Approach.	Dr. Sri Vijay Anand K S	
13:30	Lunch
